Other Things to Know

- Team tent sites will be assigned and will be posted on the TDBA website: www.TacomaDragonBoat.org.

- ALL canopy legs **MUST** have 15lb weights attached to each leg per the Tacoma Fire Dept. If you have 2 canopies and the legs of the 2 canopies X you can have one 15lb weight for the X legs
- **If you DO NOT have Weights** on each leg the FIRE Marshall will make you take down your canopy. You can purchase weights from places like Home Depot or as some teams have done fill PC pipe with cement and bungy the pipe to the legs. Plastic gallon milk jugs filled with sand or water works as well.
- Whether sunny or raining, one or two pop-up tents will be useful for sheltering your team.
- Bring camp-type chairs or blankets to spread out on the damp grass.
- Teams may wish to organize bringing table(s) and food to eat throughout the morning. **NO BBQS OR COOKING FIRES!**
- There is **NO potable water** available at this venue. Please plan to provide water for your teams and recycle your containers.
- Long-range weather forecast says sunny and mid 50s to upper 70's with a 5% chance of rain – looks to be a fine day for racing. Bring plenty sunscreen!
- Teams will be called to Marshaling approximately 20 minutes prior to each race. Please note that the **race schedule is approximate, not exact**, so encourage team members to stay in touch between races.
- Event schedule, transportation and parking maps, and tent site locations will all be posted on the TDBA website and available at registration when you check-in.
- The race grid will be posted on the TDBA website the week of May 15, 2023.
- **Recycle and trash containers will be available.** Please help us maintain this awesome park and do your part in recycle and trash collection and separation.
